## About Us

Making right purchase for home is crucial and we, at Aaradhya Industries are here to support you make smart investment in right plastic household products. We are one ideal store for commercial and residential customers to get kitchen-use, bathroom-use and other plastic essentials.

Our operations as a manufacturer and wholesaler of Dust Pan, Plastic Dustbin, Plastic Flower Pot, Plastic Mug and many other plastic based household products started two years back in 2019. It is in these two years of span that our company has made itself popular in the Indian Industry by presenting expectation surpassing plastic products in great designs, numerous dimensions and eye-suiting colors.

We encourage smart shopping by introducing not only supreme quality but also easy on pocket plastic household essentials. To all our customers, we promise for our items to serve for very long period of time because they are developed with tried and tested prime quality plastic.

## High Quality Standards

Aaradhya Industries is a preferred source for various retailing companies for buying Plastic Dustbin, Plastic Mug and other plastic products because we all our products are high quality based and truly value for money. Our production team ensures defect-free plastic is sourced for manufacturing different products of great strength and high durability. Every plastic item, after production, is quality checked before packaging and delivery so that all our customers can get seamless plastic products.

## Production Excellence

Our firm relies on two huge and advanced manufacturing units, wherein solid plastic household products are manufactured in abundance to meet urgent deliveries of customers. Our facilities are technology best which is why production is done in a smooth manner.
